Bachelor's degree in Economics from Universidad del Pacífico with more than two years of experience in impact evaluation, field experiments, and administrative data analysis. Interested in producing evidence to inform public policy.

Education

Universidad del Pacífico *B.A. in Economics* *Mar. 2019 – Dec. 2024*
◦ Graduated in the top third of the class

Experience

Research Assistant *Research Center of Universidad del Pacífico (CIUP)* *Apr. 2023 – Sep. 2025*
Supervisor: María Pía Basurto, Ph.D.

- **Project:** [Academic Performance Index Mapping](#) 📄 (winner of the Redes-CIUP Research Grant). Analyzed administrative data and developed a regional academic performance index for secondary school students using ECE standardized test data and the national school registry.
- **Academic publication** ([under review](#)): 📄 Supported a randomized controlled trial (RCT) examining the relationship between gender stereotypes and peer recognition. Conducted econometric analysis, produced data visualizations, and prepared manuscripts and technical presentations using L^AT_EX.

Junior Analyst *Videnza Consultores* *Oct. 2025 – Dec. 2025*

- Built a database of more than 1,200 COVID-19 regulations in Peru through web scraping and policy systematization.
- Classified and analyzed the Peruvian government's regulatory response to the COVID-19 pandemic, identifying patterns in policy implementation.
- Analyzed ENAHO household survey data to characterize the socioeconomic profile of A/B socioeconomic groups in Metropolitan Lima and systematized qualitative interviews for market feasibility assessments.

Teaching Assistant *Universidad del Pacífico* *Aug. 2024 – Jun. 2026*

Led practical sessions, prepared teaching materials, and graded assignments and examinations for the following courses:

- Econometrics I (2024-II, 2025-I, 2025-II)
- Principles of Economics I (2025-I, 2025-II)
- Causal Inference and Machine Learning (2025-II)
- Applied Econometrics (2026-I)

Working Papers

[The Impact of School Entry Age on Academic Progression](#) 📄 *Work in progress*
María Pía Basurto, Antonio Campos, **Valeria Hoyos**, Jesús Gutiérrez
Estimates the causal effect of school entry age on academic progression using ECE and SIAGIE administrative records.

Awards

Universidad del Pacífico *Dec. 2023*
Winner, 4th Undergraduate Research Competition
Research project: “Overconfidence and Investment Decisions: An Experimental Approach” (PEN 10,000)

Skills

Programming: Python, Julia, R, Stata, oTree, and L^AT_EX.

Software: Advanced Excel, Power BI

Relevant Coursework: Econometrics, Causal Inference and Machine Learning, Impact Evaluation, Public Economics, Development Economics and Behavioral Economics

Languages: Spanish (Native), English (Advanced)

Additional Training and Activities

- Finalist (Top 3), SUNASS Datathon 2025 – First Drinking Water Data Competition
- Participant, [CADE Universitario 2024](#) [🔗](#) – “Democracy Is Everyone’s Responsibility”
- Participant, Experimental Economics Programming Workshop (20 hours), 2024
- Volunteer, Bridges Organization (2023) – Construction of a retaining wall in Pamplona Alta
